From: Krysta Jones, National Social Action Director

RE: Project Vote Day 2005

Date: November 8, 2005

I write to clarify the Zeta Sigma Project Vote Day activity that was conducted between September 1 and October 8 of this year.

The purpose of the activity was to integrate public policy with health disparities. See attached reporting form for examples of activities.

Each chapter that participated between the above dates will receive 25 Z-points for Mind, men, women, seniors, or youth, depending on the population you reached. **Contact your state ZHOPE coordinator and let them know which population (mind) you want credit for.**

The deadline to turn in your reporting form has been extended to November 30, 2005. Please turn the form into your STATE ZHOPE COORDINATOR by that date.

The objective was to include members of Phi Beta Sigma in your activity, but if they were not, you will still get credit.

Please contact me at 703-969-9647 or [socialaction@zphib1920.org](mailto:socialaction@zphib1920.org) should you have any questions.
